Double Murder and a Suicide on Steamship Wyoming.

Mrs. Persson Put Her Two Children Out of the Way.

Then Killed Herself Because Her Betrayer Would Not Marry Her.

QUARANTINE, S. I., Sept. 15-3.15 P. M .-Quarantine Commissioner Allen, who has just ially abated this morning.

returned from Hoffman Island, states that The bears labored strenuously to create Dr. Sanborn declares that the mystery surrounding the death of Mrs. E. V. Persson and her two children, who were passengers on the Wyoming, has been cleared up.

Dr. Sanborn declares that the two children who died aboard that ship while anchored off Upper Quarantine Station Sept. 8 had been after the first hour, and some shares in polsoned, and that the mother, who died on which a large short interest had been made the 10th on Hoffman Island, after the Wyoming had been sent down the bay, committed suicide by taking poison.

The reason alleged for the triple crime is that the father and mother of the children were not legally married, and that, falling to induce the father of her children to marry her, Mrs. Persson in a fit of melancholy put her children out of the way and then ended her own life.

Commissioner Allen says there is no ques tion as to the accuracy of Dr. Sanborn's report, and there is abundance of evidence to substantiate the same.

A Panicky Feeling Caused by Quarantine Rumers.

Speculation Closes Feverish, with Trading Active.

WALL STREET, Thursday, Sept. 15,—The cholers scare, which produced such a marked aion in values just previous to the close of the Stock Exchange yesterday, was mater

further alarm, and with this end in view pounded the market unmercifully.

Notwithstanding the flood of stock poured out, the general list yielded only 14 to 14 per cent. Specialties like Manhattan, Delaware and Hudson, Lake Shore, New York Central and Sugar broke 14 to 214 points.

The market showed greater rallying power improved 14 to 114 per cent. At the same time the excitement abated

and the trading was on a reduced scale. Up to noon the sales aggregated 205,000 shares shortly before 2 o'clock the market became panicky over a report that Gov. ware & Hudson, which dropped 414 cents to On the denial of the report speculation became steadier and regular prices ensued.

Speculation, however, continued feverish

mand, and had stopped taking orders for renined sugar.

JOCKEY HAMILTON SET DOWN.

Word comes from Chicago to the effect that Hawthorne Park is in no danger of being closed by the city authorities. A survey made at the request of Mayor Washburn showed that the track was 1,330 feet from the city line, and that Hawthorne Park was situated in the town of Cicero.
